

## SPIJKSTAAL 1000

The Spijkstaal 1000 very suitable for local authorities, recreation, defense and healthcare institutions; for emptying waste bins or collecting green waste and/or for transporting products, luggage, food. The Spijkstaal 1000 has a low step-up and a comfortable seat and is available in a long and a short version. The vehicle has an European approval in the tractor category N1 and heavy four-wheelers L7e, which guarantees advanced standards of quality and safety. The Spijkstaal 1000 owes its homologation to the strong, light aluminum chassis. This chassis makes the Spijkstaal 1000 the only approved vehicle to transport 965 kg on public roads in combination with a speed of 40 km/h.

100% electric

100% sustainable

5 year battery warranty

Loading capacity  
up to 1.250 kg

N1 homologated

Range up to  
130 km
